August 2, 2024

Greetings Padilla Elementary boundary area families,

We have previously shared with you that, as part of a planned elementary boundary change for the 2025-2026 school year, 27J schools was considering offering earlier enrollment to impacted families to attend Northeast Elementary for this school year with bus transportation provided.

We are now pleased to share that 27J Schools **will offer this opportunity** and that there is still time to make this change.

There are multiple reasons you should strongly consider this opportunity:

- **Don't Wait:** Your child's elementary school boundary will change for the 2025-2026 school year from Padilla Elementary to Northeast Elementary. Taking advantage of this opportunity now could allow you to minimize unnecessary school changes for your child.

- There are **added benefits to making the change** to Northeast today. Northeast Elementary offers:
 - A strong, diverse community that meets each and every student where they are; anchoring to their own backgrounds to help them succeed.
 - Social-emotional systems and structures that support the whole child each and every day
 - An experienced teaching staff committed to being learners first and as they partner with industry experts to develop a culture that puts students first

- Learn more about Northeast at northeast.sd27j.org

[Complete this interest form today](#) and you'll be contacted soon by school staff to find out why Northeast is a great choice for your child.

Thank you,

27J Schools
